**Binned Data Error - TrafMan**

Bin Table Definition Not Found - Error Message TrafMan

Issue: The error occurs when a bin table definition is not available in the Tables directory in TrafMan. In this example the file was "CEMTTRK.AXL" but this can occur with any Bin definition not saved on disk.

Solution:

To correct this problem you need to add in the appropriate Bin Table labeled "CEMTTRK.AXL" into the TABLES directory within TrafMan. You can download the file here.
